SEMINOLE CABINET HEATER

A Perfect Heating Unit
Price Complete, F. O. B. Factory **$29.75**

The Seminole Cabinet Heater brings to your home a beautifully designed efficient heater, neatly proportioned, that will make an ornament in any room of your home besides giving you a heating plant of the very same construction and efficiency of the modern furnace. It draws cold air from the floor, which in passing the heated portion of the heater, warms and humidifies the air, and distributes it evenly to all parts of the home. A large capacity water pan in the rear insures proper humidity.

Price of the Seminole Cabinet Heater in plain finish....**$29.75**

Price in grained mahogany enamel finish **$39.50.**

Interior construction all cast iron. Exterior construction: Bottom, front and top, cast iron; back, right and left ends, Armco enameling iron.
